

# A Scout's Plan to \$750 and BEYOND!

3 \$350

I work at least two booths and I should get about \$175.00 each time I work at least 2 hours. I signed up for the following: \_\_\_\_\_ & \_\_\_\_\_

2 \$250

By talking to my family & friends AND with my parents talking to their friends at work I should get at least the amount. But I have to ask in order to get the sale.

+1 \$150

By going around in my neighborhood knocking on doors and promoting the option for Military Donations I should be able to get this amount.

---

\$750

This is only the start! Imagine what happens when I keep selling? I could pay for my own Summer Camp, get a new Scout Shirt... the list is endless!
